Qatar Airways and Monacair are delighted to announce a new partnership between one of the world's leading airlines and the French Riviera's premium helicopter operator, commencing 4 July.

Qatar Airways' passengers arriving in Nice on board the airline's newly-launched direct service to Nice will now have the opportunity to seamlessly connect at Nice International Airport onto a Monacair helicopter flight to Monte Carlo. Likewise, passengers travelling from Monaco to Nice by helicopter will be able to connect at Nice International Airport to a choice of more than 150 destinations on Qatar Airways' global network.

This partnership will ensure passengers travelling to and from Monte Carlo enjoy smooth, continuous service from their homes to their final destination, with one single booking and point of contact.
