To meet the growing demand from customers, TAGAviation's Farnborough Maintenance Services (TFMS), in partnership with itsapproved suppliers, Zodiac Aerospace Business Aircraft Interiors and Farnborough Aircraft Interiors, (FAI) has recently enhanced its suite of business aircraft interiors and on-site repair capabilities.

Services now include discreet woodwork Zodiac Aerospace Business AircraftInteriors' Smart repairs which are aptly named due to the effective nature of the work.They generate only minimal debris, require minimal equipment and can be undertaken in any given location at short notice. Smart repairs are considerably less expensive than full panel re-sprays, require no prior booking and can be turned around within a short time frame. Smart repairs are a versatile way to minimise the negative aesthetic appearance of damaged surfaces.

TFMS also offers on-site cleaning and detailing services on all business aircraft interiors at, or around, its premium location base situated at Farnborough Airport. This includes the deep cleaning of seats and is just one of a number of soft goods services TFMS can provide, in partnership with FAI.

"As the only EASA Part 145 MRO organisation to be based in the UK offeringbusiness aircraft cabin interior repair services, TFMS is proud to offer customers these additional services. We are also planning on introducing other onsite repairschemes to further
