

AIRCRAFT SERVICING GUERNSEY NAMED AS AUTHORIZED SERVICE FACILITY FOR CESSNA AND BEECHCRAFT PISTON AIRCRAFT

News / Business aviation, Maintenance / Trainings

ASG, a subsidiary of Pula Aviation Services, has been named as a Textron Aviation Authorized Service Facility for Cessna and Beechcraft piston engine series range of aircraft. With 30 years of experience and expertise in maintaining Cessna and Beechcraft piston engines at its facility in Guernsey, services provided at ASG's MRO facility include new aircraft warranty repairs, scheduled and unscheduled maintenance, avionic upgrades and pre-purchase inspection support.

Gary Phillips, Head of Technical Services, commented: "We are pleased to be named an ASF to support Cessna and Beechcraft piston aircraft owners with the best aviation experience. This naming enhances our service offerings and is a valuable addition for our customers. Situated in Guernsey, Channel Islands, our location is ideally positioned for UK and European aircraft owners and operators."

PASL is focused on delivering services in support of aircraft ownership, management, operation and special missions to customers within the business, general, executive and airline industry. Through the diverse capabilities of its businesses ASG Limited, Centreline AV Limited, Capital Air Ambulance and Airpart Supply Limited, PASL can provide MRO, Charter & Management, Aircraft Sales, FBO, Medical and Special Missions, global aircraft parts supply and distribution services to customers throughout the globe.
