

RISE AVIATION ADDS NEW CHARTER, MANAGEMENT AND MAINTENANCE PROVIDER AT NORTH TEXAS REGIONAL AIRPORT

News / Business aviation

Rise Aviation announced the addition of Generation Jets, a leading provider in private aviation offering charter, sales, acquisitions, management and maintenance services at North Texas Regional Airport (NTRA). Generation Jets is located at 5318 Airport Drive, Denison, Texas 75020.

Generation Jets has recently relocated to North Texas after proudly serving the Washington area since 2002. Their team lives with a lifelong passion for aviation and has spent the last 20 years crafting perfection in private flight services, including successful ownership and operation of rotor and fixed-wing companies based in the Pacific Northwest with multiple divisions and businesses across the U.S.

Generation Jets has implemented a robust Safety Management System and are a proud advocate of ARGUS where they hold the esteemed position of a GOLD PLUS RATED operator. All employees are trained in their specific area of expertise. Their core and fundamental beliefs state that, “We all share in the safety of our company and our customers. We operate in compliance with all regulatory and FAA requirements as well as going above and beyond with company policies and procedures.”

Rise Aviation is a full-service Fixed Base Operation located north of Dallas at NTRA (GYI) in Denison, Texas. Rise Aviation’s mission is to provide our customers exceptional service, dependable quality products, a clean professional facility and a warm friendly experience at a fair and competitive price.
