

VIETNAM - BRAND NEW AVIATION TRAINING CENTRE IS READY TO OPEN

News / Maintenance / Trainings

BAA Training Vietnam – a European standard aviation training provider announces the completion of the construction of a brand new modern aviation training centre in Ho Chi Minh city. 3000-square-meter, strategically located 18km from the airport training facility is designed to accommodate 4 full flight simulators and fulfil the need of the professional aviation training in the region. The brand new training centre has spacious studying and briefing rooms, a VIP lounge and in-house accommodation solution.

The newly-built modern training centre will start providing operations with Airbus A320 pilot training as the brand new state-of-the-art Airbus A320ceo full flight simulator (FFS) is currently being assembled. The first Airbus A320 type rating student-pilot group is expected to start in August, while the second, Airbus A320neo, is scheduled to reach the training centre by the end of 2019. In addition to type rating training, the company is to provide wet and dry lease FFS services to corporate clients. It is also planned to add Flame V9000 Commander Fire Fighting Trainer at the end of 2019.

“Vietnamese aviation market has been growing by the average 8% per year and is expected to continue its growth in the upcoming 20 years’ time. Airlines in Vietnam keep announcing fleet expansion plans –National carrier alone has recently announced plans to acquire 50 new narrow-body aircraft including Airbus A320. With the modern training facilities and equipment, experience and deep know-how we are ready to accommodate Vietnamese pilots with European standard

aviation training solutions”, comments Egle Vaitkeviciute, CEO at BAA Training.

Established in 2018 BAA Training Vietnam declares bringing 20 years of experience in the field and its know-how from its headquarters in Europe – BAA Training, which is one of the TOP 3 biggest independent aviation training centres in Europe well-known in the market for its full scope and flexible aviation training solutions for private and business clients. It has a global network of clients from 96 countries. Since 2016 BAA Training has launched Cadet Pilot programs with leading airlines in Turkey, Hungary, Iceland, Laos, Latvia, Lithuania and Vietnam. In 2019 the company has launched MPL training program with Avion Express.
